Product information

Our PVC dotted touchscreen gloves are the perfect solution for industries that require superior durability, grip, and touchscreen functionality, such as warehouses and distribution centres. The gloves feature touchscreen fingertips that allow for easy operation of touchscreen devices, improving productivity by eliminating the need to remove gloves. An ideal choice for anyone who values safety, quality, and efficiency in the workplace.

General Handling

The general handling and grip glove category is one of the most popular collections within the Portwest hand protection range. A carefully selected range of coatings, including latex, nitrile, polyurethane and PVC, provides a broad range of styles suited to a diverse range of tasks.

Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products....
