Range: Disposable Masks
Materials: PP, PU Foam, Activated Carbon
Inner Pack: 10
Outer Carton: 16

Product information

Experience unparalleled comfort and flexibility with our innovative compact folding mask. Featuring 7 dynamic parts, it provides exceptional facial movement while delivering maximum comfort to the wearer. The valved design and inner foam add extra comfort, while the added carbon layer efficiently absorbs nuisance odours. The DOLOMITE optional clogging test ensures long-lasting durability, and the individual polybag and special flat shape make it easy to store and vending machine ready.

Disposable Mask FFP2

Disposable mask FFP2 level, protects against solid and liquid particles of average toxicity. Minimal % of filtration 94%. Protects up to 10 times the TLV (Assigned Protection Factor for FFP2 masks). Examples of applications: Sanding of soft wood, composite materials, rust, putty, plaster, plastics /cutting, deburring, grinding, drilling of metal. Our Biztex brand ensures exceptional quality and performance across our full range of disposable masks.

Disposable Masks

Our Biztex® brand ensures exceptional quality and performance across our full range of disposable masks. The extensive Biztex® range offers a high level of protection and quality safeguarding the wearer against many workplace risks including liquid chemicals, static electricity, dry particles and radioactive contamination. The complete Biztex® range includes disposable masks and limited-life garments.

Standards

EN 149:2001 +A1:2009 FFP2 (NR D)
