

A148 - Grip 13 Nitrile High Dotted Glove

Collection: General Handling

Range: Hand Protection

Materials: Acrylic, Polyester, Elastane

Dipping:

,

Inner Pack: 12

Outer Carton: 144

Product information

Designed for high-performance handling, this glove features a foam nitrile dotted palm to deliver exceptional grip in both wet and dry conditions. Its multi-layered, ergonomic design offers durability, reduces hand fatigue, and provides protection against contact heat up to 100°C. The 13-gauge liner ensures a precise, comfortable fit, while being silicone and DMF free—making it ideal for use in manufacturing, electronics, glass handling, and paint applications. It is CE certified for safety and quality.

General Handling

The general handling and grip glove category is one of the most popular collections within the Portwest hand protection range. A carefully selected range of coatings, including latex, nitrile, polyurethane and PVC, provides a broad range of styles suited to a diverse range of tasks.

Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products....
