**Inner Pack:** 12

**Outer Carton:** 360

---

### Product information

The 'Duo-flex' uses advanced dipping techniques which allows this glove to be double dipped in the crucial high wear areas. Increasing the protection and durability of the glove where you most need it without adding to the weight or decreasing dexterity.

### General Handling

The general handling and grip glove category is one of the most popular collections within the Portwest hand protection range. A carefully selected range of coatings, including latex, nitrile, polyurethane and PVC, provides a broad range of styles suited to a diverse range of tasks.

### Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products....
