

A185 - Duo-Therm Glove

Collection: Thermal Protection Gloves

Range: Hand Protection

Materials: Polyester, Elastic

Dipping:

Inner Pack: 12

Outer Carton: 192

Product information

The A185 uses the latest techniques to produce an excellent and durable glove. An extra layer crinkle latex is added to the 'high-wearing' fingertip areas of the glove only, which improves grip and durability, while reducing hand fatigue. The thermal liner provides added warmth for the hand.

Thermal Protection Gloves

When cold thermal hazards are present, the hands' motor skills can be greatly reduced, this leads to increased risk of accidents and injury. Specially designed thermal protective gloves are available to combat these dangers in hazardous environments.

Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products....
