

A196 - Antistatic Micro Dot Glove

Collection: ESD Gloves

Range: Hand Protection

Materials: Polyester, Carbon Fibre, Elastane

Inner Pack: 12

Outer Carton: 480

Product information

Constructed from a seamless knitted liner, which provides excellent fit and reduces hand fatigue. The PU dot to the palm improves grip and durability. This is an extremely low linting glove with high breathable.

ESD Gloves

Designed to dissipate static electricity, the Portwest ESD glove range has been tested to EN16350, a glove specific standard, to ensure protection of electronic devices from the risk of damage by electrostatic phenomena and static charge. Ideal for use in electrical component manufacturing.

Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products....
