

### A197 - Antistatic Shell Glove

**Collection:** ESD Gloves

**Range:** Hand Protection

**Materials:** Polyester, Carbon Fibre, Elastic

**Inner Pack:** 12

**Outer Carton:** 480

---

#### Product information

Constructed from an advanced polyester & carbon fibre blend. This glove protects equipment like circuit boards from the natural oils of the skin while also protecting sensitive equipment from harmful static discharge.

#### ESD Gloves

Designed to dissipate static electricity, the Portwest ESD glove range has been tested to EN16350, a glove specific standard, to ensure protection of electronic devices from the risk of damage by electrostatic phenomena and static charge. Ideal for use in electrical component manufacturing.

#### Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products....
