

A311 - Grip 13 Nitrile 3 Fingerless Glove (Pk12)

Collection: General Handling

Range: Hand Protection

Materials: Polyester, Elastic

Dipping:

Outer Carton: 20

Product information

Our nitrile 3 fingerless gloves are the perfect solution for tradesmen like electricians, plumbers, and joiners who require dexterity and touch sensitivity in their work. These gloves are designed with the thumb and first two fingertips removed to provide touch sensitivity and allow for precise handling of tools and materials. Made from durable nitrile material, these gloves offer resistance to oil and grease, punctures, and abrasions. Sold in packs of 12 pairs.

General Handling

The general handling and grip glove category is one of the most popular collections within the Portwest hand protection range. A carefully selected range of coatings, including latex, nitrile, polyurethane and PVC, provides a broad range of styles suited to a diverse range of tasks.

Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products....
