Product information

The A450 is designed for use in the most demanding conditions. By having an insulated liner and knitwrist the user keeps their hands warm and dry. A tough double dipped PVC coating prevents oil, grease and water penetration.

Thermal Protection Gloves

When cold thermal hazards are present, the hands' motor skills can be greatly reduced, this leads to increased risk of accidents and injury. Specially designed thermal protective gloves are available to combat these dangers in hazardous environments.

Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwest's extensive range of Hand Protection products....
