### Product information

The CS Cut D15 Nitrile Glove is designed for professionals who need reliable cut protection without sacrificing comfort or control. With a Cut Level D rating, it offers strong resistance against sharp materials, while the 15-gauge liner ensures a lightweight, breathable fit for all-day use. Its nitrile foam coating provides a secure grip in dry, wet, or oily conditions, and the reinforced thumb crotch adds durability in high-wear areas. Touchscreen compatibility makes it easy to stay connected on the job, making this glove ideal for automotive work, construction, metal handling, and precision assembly.

### CS

Introducing the CS™ cut resistant hand protection collection. Packed with features such as touchscreen compatibility, reinforced thumb crotch and reflective labels for improved visibility in low light conditions. The CS™ collection is designed to provide the highest level of cut resistance whilst allowing the wearer to carry out tasks, safely and securely. This collection of eight gloves suit almost every working environment. Including an 18 gauge option for the highest dexterity, a latex coated option for optimal grip and a leather palm option for supreme heat protection. The CS collection ensures maximum safety when needed most.

### Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products....
