Product information

Providing high risk cut protection even in cold conditions, the Vis-Tex Winter Cut D13 Nitrile Glove combines a HPPE outer layer and acrylic thermal layer. The twin layer design traps in heat and keeps the hands warm and protected from cuts. The design also means that these gloves also provide excellent heat protection.

Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products....
