Product information

The CS Cut D15 PU Glove offers high-performance cut protection with the comfort and precision needed for demanding tasks. Featuring a Cut Level D rating, it guards against sharp hazards while allowing for excellent flexibility and control. The 15-gauge liner provides a breathable, lightweight fit, and the PU coating enhances grip and abrasion resistance for secure handling. A reinforced thumb crotch adds durability where it's needed most, and touchscreen compatibility keeps you connected on the job. Ideal for automotive, construction, manufacturing, and precision work, this glove delivers the right mix of safety, comfort, and performance.

CS

Introducing the CS™ cut resistant hand protection collection. Packed with features such as touchscreen compatibility, reinforced thumb crotch and reflective labels for improved visibility in low light conditions. The CS™ collection is designed to provide the highest level of cut resistance whilst allowing the wearer to carry out tasks, safely and securely. This collection of eight gloves suit almost every working environment. Including an 18 gauge option for the highest dexterity, a latex coated option for optimal grip and a leather palm option for supreme heat protection. The CS collection ensures maximum safety when needed most.

Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products....
