Product information

The A648 glove features a Cut Level D rating for enhanced protection, paired with a fine 21-gauge liner that ensures dexterity and comfort. It is coated with nitrile foam for excellent grip and abrasion resistance. A reinforced thumb crotch adds durability in high-wear areas, while touchscreen compatibility allows for convenient device use without removing the gloves.

CS

Introducing the CS™ cut resistant hand protection collection. Packed with features such as touchscreen compatibility, reinforced thumb crotch and reflective labels for improved visibility in low light conditions. The CS™ collection is designed to provide the highest level of cut resistance whilst allowing the wearer to carry out tasks, safely and securely. This collection of eight gloves suit almost every working environment. Including an 18 gauge option for the highest dexterity, a latex coated option for optimal grip and a leather palm option for supreme heat protection. The CS collection ensures maximum safety when needed most.

Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products....
