

A680 - Cut F21 Nitrile Tungsten Glove A9

Collection: Cut Resistant

Range: Hand Protection

Materials: HPPE, Tungsten, Steel Fibre, Elastane, Nylon, Elastic

Dipping:

Outer Carton: 144

Product information

The A680 Cut F21 Nitrile Tungsten A9 Glove combines advanced cut resistance, flexibility, and durability in a thin, lightweight design. Its 21-gauge liner and dual tungsten core offer precision and protection, achieving top EN388 and ANSI cut resistance ratings. A micro foam nitrile coating enhances grip and sensitivity, making it ideal for intricate work. The A680 is latex-free, touch screen-compatible, and silicone-free, making it ideal for sensitive environments. Dermatologically tested, it ensures comfortable, hypoallergenic protection for demanding tasks.

Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products....
