

A742 - Impact Driver Glove (Unlined)

Collection: Impact protection

Range: Hand Protection

Materials: Cow Split Leather, TPR

Outer Carton: 48

Product information

Experience unmatched durability and impact resistance with our impact driver glove. The keystone thumb design ensures optimal flexibility and comfort, allowing for precise control and grip. These gloves are specifically engineered for medium-energy impact protection, making them ideal for demanding tasks. Crafted from high-quality leather, they offer exceptional durability and reliable performance. Additionally, these gloves provide protection against contact heat up to 100°C, ensuring safety in high-temperature environments.

Impact protection

Hand injury is one of the most common and frequent complaints in the workplace. This collection of gloves provides vital protection against impact to the hand from multiple hazards.

Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products....
