

A748 - Impact Goat Leather Thermal Cut Glove A6

Collection: Anti-Impact

Range: HAND PROTECTION

Materials: Goat Grain Leather, Steel, Aramid, HPPE, Acrylic, TPR

Outer Carton: 48

Product information

Designed for harsh conditions, the Goat Leather Impact Cold Cut Glove A6 delivers premium protection, warmth, and durability in demanding environments. Made from high-quality goat leather, these gloves provide A6 cut resistance, superior impact protection, and insulated warmth for cold-weather applications. Key Features:

- High Cut Resistance (A6) - ANSI A6-rated for superior protection against sharp edges and abrasions.
- Durable Goat Leather - Naturally tough yet supple for excellent grip, dexterity, and long-lasting wear.
- Impact Protection - Reinforced TPR (Thermoplastic Rubber) padding shields knuckles and fingers from heavy impacts.
- Cold-Weather Insulation - Built-in thermal lining keeps hands warm in freezing temperatures.
- Ergonomic Fit & Flexibility - Pre-curved fingers and a secure fit ensure all-day comfort and optimal performance.
- Enhanced Grip - Designed for superior handling in dry, wet, and oily conditions, even in cold environments. Ideal for: □ Cold Storage & Freezer Work □ Winter Construction □ Oil & Gas Industry □ Metal Fabrication □ Heavy Equipment Handling

Stay protected, warm, and in control with the Goat Leather Impact Cold Cut Glove A6—engineered for the toughest jobs in the coldest conditions.

Anti-Impact

Hand injury is one of the most common and frequent complaints in the workplace. This collection of gloves provides vital protection against impact to the hand from multiple hazards.

HAND PROTECTION

A wide and increasing range of Hand Protection styles is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products.
