#### Product information

The Steel Mesh reinforcement enhances the highest cut-level ANSI A9 liner by offering superior needle protection. Its unique mesh construction delivers both maximum protection and level 5 dexterity, without compromise. The palm is equipped with impressive level 5 needle resistance, while the fingers offer level 2 protection. The Latex Crinkle finish improves grip in wet and oily environments, enabling the user to work effectively on-site and handle slippery, lubricated materials.

#### Specialist Gloves

The Portwest Pro range is a combination of highly specialised gloves which have been designed for very specific tasks. The use of these gloves with the right task will perform better than any other glove which has been designed for more general purposes.

#### Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products....
