

PRODUCT SPECIFICATION & TECHNICAL DATASHEET

AP12 - SG Grip 15 Eco Nitrile Glove

Collection: General Handling **Range:** Hand Protection

Materials: Recycled PET Polyester, Nylon, Elastic

Dipping: 12

Outer Carton: 20

Product information

PET bottle to glove concept for improved sustainability. The recycled 15 gauge PET yarn has moisture managing properties keeping the hands dry and comfortable. Touchscreen compatible index and thumb finger. A unique knitting structure accounts for a lowered little finger which gives a snugfitting while improving comfort. A very low carbon footprint value compared to the manufacturing of other yarns such as nylon, polyester and cotton. Micro-foam Nitrile coating offers 360 breathability. Micro cup structure for superior grip in wet and dry conditions. Ultra thin coating for higher sensitivity.

General Handling

The general handling and grip glove category is one of the most popular collections within the Portwest hand protection range. A carefully selected range of coatings, including latex, nitrile, polyurethane and PVC, provides a broad range of styles suited to a diverse range of tasks.

Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products....

Features

- Made using recycled plastic bottles
- Saves 227g CO2 per pair during production
- Anti-microbial finish Texpel Micro, kills 99.9% of bacteria
- Nitrile micro foam coating perfect for ultra high dexterity tasks
- Nitrile is a synthetic rubber that is highly resistant to oils, fuels and acids and alkalis/bases whilst providing good durability and flexibility
- \bullet Contains 40% recycled material
- Silicone free Ideal for manufacturing, paint applications, electronics and glass handling where silicone is problematic
- Tested for paint wetting impairment substances (LABS Conformity)
- Reduced water and energy usage during production
- \bullet This glove can be used with most mobile touch screen devices
- Protection against contact heat up to 100°C
