

AP35 - Grip 15 Nitrile Double Palm Glove

Collection: General Handling

Range: Hand Protection

Materials: Nylon, Elastic, Elastane

Dipping:

Outer Carton: 144

Product information

Our double nitrile palm glove is perfect for those working in oily environments like manufacturing or engineering. The high-quality nitrile coating provides superior resistance to oils and solvents, while the double palm design ensures durability and longevity. These gloves offer excellent grip and dexterity, allowing workers to handle small parts and components with ease.

General Handling

The general handling and grip glove category is one of the most popular collections within the Portwest hand protection range. A carefully selected range of coatings, including latex, nitrile, polyurethane and PVC, provides a broad range of styles suited to a diverse range of tasks.

Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwest's extensive range of Hand Protection products....
