Product information

Innovative TPR design combined with a cut A5 liner makes for an impact glove with exceptional dexterity, comfort and protection. The TPR pods are bonded directly on to the liner instead of traditional machine stitching which allows the glove to move freely with the hand. Fully dipped nitrile coating offers a secure grip and an exceptional barrier against liquids.

Anti-Impact

Hand injury is one of the most common and frequent complaints in the workplace. This collection of gloves provides vital protection against impact to the hand from multiple hazards.

HAND PROTECTION

A wide and increasing range of Hand Protection styles is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products.
