Dipping:

Outer Carton: 240

Product information

Our 15 gauge, food grade full dipped glove provides unparalleled protection against food contamination and exceptional durability. The extra-strong film ensures long-lasting protection, making them ideal for demanding tasks. With its 15 gauge liner, this glove offers superior dexterity and precision, allowing workers to handle complex tasks with ease and confidence.

Food Safe Gloves

The Food Safe glove range does not alter food on contact ensuring human health and product composition is protected. The range features disposable and non-disposable working gloves, promoting dexterity, durability and cut protection.

Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products....
