Product information

This stylish full grain leather ankle boot, provides supreme comfort, with a padded collar and tongue, plus a premium EVA footbed, It also includes a non-metallic composite toe cap and midsole. It is constructed with an innovative wire lace system, for fast, one handed adjustment and quick release. This boot also features a heat resistant outsole with excellent slip resistance. The engineered tread pattern aids agility on uneven terrain whilst also being resistant to fuel oil and water.

Wire Lace System

The innovative wire lace system is designed with double strength wire for excellent durability. Features include a raised texture on dial for better fastening grip, rubberised dial chassis for better abrasion and a quick release push/pull locking clasp. Engineered central cavities aids wire tension across the vamp of the shoe and is specially positioned on the shoe to ensure a levelled, all-over, comfortable fit.

Foot Protection

Innovation, design, styling and quality components define the Portwest foot protection collection.

Features

- Reflective trim for increased visibility and safety
