Product information

This composite sandal is lightweight and is ideal for use in warm climates. It is a suede, ESD, S1 sandal providing slip resistance as well as fuel and oil resistance. It is constructed with an innovative wire lace system for faster lacing and quick release.

CompositeLite ESD

Quality non metallic safety components and enhanced outsole properties for excellent grounding of static build up that may damage sensitive electronic components.

Foot Protection

Innovation, design, styling and quality components define the Portwest foot protection collection.
