

FP34 - Lanyard for Single Tool (Pk10)

Collection: Tool Lanyards

Range: Height Safety

Materials: Polyester

Inner Pack: 10

Outer Carton: 24

Product information

Essential for anyone working at height, the tool lanyard can be attached to the user's wrist or person. This can be done using the carabiner or elasticated drawstring, leaving the other end attached to your tool. This item prevents your tool from becoming a dangerous falling object and a safety hazard when working at height. Safe Working Load 2kg.

Tool Lanyards

The Portwest collection of Tool lanyards are an essential form of fall protection for anyone working at height. These items prevent tools from becoming dangerous falling objects and a safety hazard when working at height.

Height Safety

Height Safety is put in place to prevent the risks associated with falling from heights, reducing impact force, restricting obstacle/ground collision and restricting users from fall hazard areas. Portwest offer a full range of Height Safety products for working at height.
