

FP48 - Self Retract 1.35m Lifeline

Collection: Fall Arrest Blocks

Range: Height Safety

Materials: ABS Plastic Shell, Polyethylene Webbing 1.35 metres, Alloy Steel, Heat Treated, PVC

Outer Carton: 20

Product information

1.35 metre retractable webbing lifeline including a carabiner, shock absorber and swivel snap hook with double safety lock and load indicator. The webbing is manufactured using ultra high molecular weight polyethylene. This next generation arrest block is high strength, light weight, UV resistant and water resistant.

Fall Arrest Blocks

The Portwest collection of Automatic fall arrest blocks are designed to be used with all Portwest harnesses and connectors. In the event of a fall, automatic fall arrest blocks will lock and stop your fall after a short distance.

Height Safety

Height Safety is put in place to prevent the risks associated with falling from heights, reducing impact force, restricting obstacle/ground collision and restricting users from fall hazard areas. Portwest offer a full range of Height Safety products for working at height.

Standards

EN 362:2004
EN 360:2002

Features

- Quick and easy installation
