Range: High Visibility

Shell Fabric: 300D Industry: 100% Polyester, 300D Oxford, Stain Resistant Finish, Double PU Coated

Outer Carton: 12

Product information

This 3-in-1 bomber jacket uses our highly innovative triple technology Glowtex function. Offering advanced visibility by combining fluorescent fabric, HiVisTex reflective tape and Glowtex phosphorescence tape which glows in the dark. The detachable fur lining and collar in combination with the zip-out sleeves ensures this is a superbly adaptable garment.

Glowtex

Portwest Glowtex™ Triple Technology uses the latest innovation in light emitting technology to ensure the wearer achieves the highest level of protection in high visibility apparel. Glowtex Triple Technology garments incorporate 3 fundamental properties: 1. Brightly coloured fluorescent background fabric for complete conspicuity in daylight 2. High performance HiVisTex retroreflective tape which bounces light back to the source and allows for superior visibility 3. Light emitting Glowtex phosphorescence tape which accumulates the light in well-lit places and emits light in very low or no light conditions; ie it glows in the dark. Lasts up to 6 hours once illuminated.

High Visibility

Our extensive range of High-Visibility clothing meets stringent requirements in both design and construction, to ensure compliance with the latest EN ISO 20471 & ANSI standards. Innovative and technical, our High Visibility range is ideal for those who will not compromise on style, comfort, protection and performance.
