

P306 - FFP3 Ultimate Valved Respirator

Collection: Disposable Mask FFP3

Range: Disposable Masks

Materials: PP, EVA Foam

Inner Pack: 5

Outer Carton: 12

Product information

The ultimate FFP3 valved respirator offers low breathing resistance and exceptional comfort. Ergonomically designed to fit most face shapes. Features an innovative moulded nose bridge for shape retention and a perfect fit. Features an all-round foam gasket and wide adjustable elastic head straps. High performing exhalation valve works efficiently to reduce heat and moisture inside the mask and provides comfort when used in hot and humid conditions. R D certified, meaning it is reusable and can be worn for more than one working shift. Dolomite clogging test for maximised breathing comfort.

Disposable Mask FFP3

Disposable mask FFP3 level, protects against solid and liquid particles of high toxicity. Minimal % of filtration 99%. Protects up to 20 times the TLV (Assigned Protection Factor for FFP3 masks) or up to 50 times TLV (Nominal Protection Factor for FFP3 masks). Examples of applications: Sanding of hard wood (beech, oak) / treatment of wood using copper, chrome or arsenic based products / impact stripping of paint / sanding of cement. Exceptional quality and performance are ensured across our range of disposable masks.

Disposable Masks

Our Biztex™ brand ensures exceptional quality and performance across our full range of disposable masks. The extensive Biztex™ range offers a high level of protection and quality safeguarding the wearer against many workplace risks including liquid chemicals, static electricity, dry particles and radioactive contamination.
