Product information

Innovative compact folding mask with 7 dynamic parts providing excellent facial movement with maximum comfort. Valved and with inner foam for increased comfort for the wearer. Added carbon layer to absorb nuisance odours. DOLOMITE optional clogging test. An individual polybag and special flat shape make it easy to store and vending machine ready.

Disposable Mask FFP3

Disposable mask FFP3 level, protects against solid and liquid particles of high toxicity. Minimal % of filtration 99%. Protects up to 20 times the TLV (Assigned Protection Factor for FFP3 masks) or up to 50 times TLV (Nominal Protection Factor for FFP3 masks). Examples of applications: Sanding of hard wood (beech, oak) / treatment of wood using copper, chrome or arsenic based products / impact stripping of paint / sanding of cement. Exceptional quality and performance are ensured across our range of disposable masks.

Disposable Masks

Our Biztex™ brand ensures exceptional quality and performance across our full range of disposable masks. The extensive Biztex™ range offers a high level of protection and quality safeguarding the wearer against many workplace risks including liquid chemicals, static electricity, dry particles and radioactive contamination.
