

P950 - P950 Combination Filter Special Thread Connection

Collection: Filters

Range: Respiratory Protection

Materials: ABS

Inner Pack: 4

Outer Carton: 18

Product information

The P950 is a combination filter A1P3 type. Classified as a class 1 filter for gases and class 3 for particles, it can be used to protect against harmful substances, solvents, toxic particles and micro-organisms. The screw-in system ensures a safe connection between the mask and the filter, while the twin filters offer improved comfort and balance. This filter is compatible with the P410 Half Masks.

Respiratory Protection

Introducing the new PW Safety range of Half Masks and Full Face Masks designed to offer the most comfortable and best fitting products in the marketplace. Conforming to EN standards EN136 (Full Face Masks) and EN140 (Half Masks). Complete with a full range of interchangeable filters.

Standards

EN 14387 Type A (1)

EN 14387 Type P (3R)
