

SK11 - Thermal Sock

Collection: Socks

Range: Foot Protection

Inner Pack: 6

Outer Carton: 144

Product information

This sock has wool content which is a great conductor of heat and will keep your feet warm in colder climates. There is cushioning throughout the inside of the sock which will help to keep the heat in and reduce friction. The mesh ventilation at the inner ankle will allow your foot to breathe and the ribbed knit will help prevent any irritation from contact with the shoe when walking.

Socks

Foot Protection

Innovation, quality components, styling and expert construction define the Portwest footwear collections.

Features

- Ribbed leg design provides a snug fit and prevents the sock slipping down
- Retail tag which aids presentation for retail sales
- Sock height 25cm
- Cushioned heel reduces friction between the foot and the shoe
- Ribbed inner ankle support structure provides a snug and supportive fit
- Mesh ventilation to help wick away moisture from the skin
