

ST43 - BizTex Microporous Sleeve Cover Type PB[6] (150 Pairs)

Collection: Biztex Micro

Range: Hazard Protection

Shell Fabric: BizTex Micro, 60g

Inner Pack: 25

Outer Carton: 150

Product information

The ST43 sleeve cover is breathable for wearer comfort. Elasticated at both ends to ensure no liquids or airborne particles can penetrate the barrier, this product has a much more relaxed fit than many of its competitors.

Biztex Micro

Portwest BizTex™ Micro fabric is a polypropylene substrate to which a laminated microporous polyethylene layer is applied (PP/PE). The outer layer of the fabric prevents the passage of liquid molecules inwards, yet permits the vapour molecules that build up inside to permeate.

Hazard Protection

All protective garments under the heading of PPE (Personal Protective Equipment) are controlled in Europe under PPE Regulation EU 2016/425. Portwest has an extensive range of clothing that complies with Category 3 of this regulation.

Standards

EN 13034 Type PB [6]
EN 1149 -5

Features
