Product information

Leading design made from microporous material Comfortable elastic closure for fit and protection Excellent protection from contaminants

Biztex™ Micro

Portwest's BizTex Micro fabric is a polypropylene substrate to which a laminated microporous polyethylene layer is applied (PP/PE). The outer layer of the fabric prevents the passage of liquid molecules inwards yet permits the vapour molecules that build up inside permeate.

BizTex™

All protective garments under the heading of PPE (Personal Protective Equipment) are controlled in Europe under CE Directive 89/686/EEC. Portwest has an extensive range of clothing that complies with Category 3 of this directive
