

ST47 - BizTex Microporous Sleeve with Knitted Cuff Type PB[6]

Collection: Biztex™ Micro

Range: BizTex™

Shell Fabric: BizTex Micro

Inner Pack: 25

Outer Carton: 150

Product information

The ST47 sleeve cover is breathable for wearer comfort. Elasticated at both ends to ensure no liquids or airborne particles can penetrate the barrier, this product has a much more relaxed fit than many of its competitors. This fabric conforms to EN14126-Biological Protection and EN1149-1 Anti-Static Protection.

Biztex™ Micro

Portwest's BizTex Micro fabric is a polypropylene substrate to which a laminated microporous polyethylene layer is applied (PP/PE). The outer layer of the fabric prevents the passage of liquid molecules inwards yet permits the vapour molecules that build up inside permeate.

BizTex™

All protective garments under the heading of PPE (Personal Protective Equipment) are controlled in Europe under CE Directive 89/686/EEC. Portwest has an extensive range of clothing that complies with Category 3 of this directive
