Product information

The spacious design guarantees a good fit and will not limit job performance. Made up of a comfortable and durable Polyester Tricot Warp knit and laminated with a low permeability Polyethylene film. Elasticated hood, ankles, cuffs and waist, along with a two-way front zip and sealable front flap.

Biztex Pro

BizTex Pro fabric is made from soft 100% Polyester tricot warp knit, laminated with a low air permeability film (PE). The outer layer prevents the passage of liquid molecules inwards, yet allows the vapour molecules that build up on the inside of the fabric to permeate. The Biztex pro is reusable and washable for up to 5 times.

BizTex™
