PRODUCT SPECIFICATION & TECHNICAL DATASHEET

SK22 - Modaflame Knit FR Sock

Collection: Modaflame™

Range: Flame Resistant Multi-Norm

Product information

Our Modaflame Work Sock offers the wearer great protection and comfort. The leg of the sock is elasticated for a snug fit. The heel and toe of the sock has extra padding to provide extra comfort.

Standards

EN ISO 14116
EN 1149 -3

Modaflame™

Garments can be layered to achieve an overall Arc Thermal Performance Value (ATPV) or Energy Break open threshold (Ebt) Rating. For example, thermals may achieve an Ebt of 4.3 cal/cm2, and an outer coverall may achieve an ATPV of 13.6cal/cm2. However the combination ATPV will be greater than the sum of the two single layers, as the air gap between the two layers affords the wearer additional protection.

Flame Resistant Multi-Norm

This industry leading flame resistant range provides multi-standard protection for hazardous environments. These state of the art products are the result of years of experience combined with advanced technology and market research. Commitment to the health, safety and comfort of the wearer can be seen in the wide range of products suitable for all climates and end uses.

Features

- Sock height 25cm
- Toe box padding provides a softer and more comfortable feel
- Ribbed leg design provides a snug fit and prevents the sock slipping down
- Inherent flame resistant qualities will not diminish with washing
- Knit gauge 10 for shape retention
- Seamless toe sock providing a snug and secure fit
- Anti-static
- Retail tag which aids presentation for retail sales
- CE certified
