Product information

Designed to offer maximum protection and comfort whilst operating a chainsaw. Protective UHMWPE guard in only the left glove to EN381-7 Class 0, 16m/s, to allow free movement with the right hand.

Specialist Gloves

The Portwest Pro range is a combination of highly specialised gloves which have been designed for very specific tasks. The use of these gloves with the right task will perform better than any other glove which has been designed for more general purposes.

Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products....
