Product information

Experience unmatched grip and performance with our unique crinkle nitrile coating. Its exceptional all-round grip performance ensures that you stay in control, whether in wet or oily conditions. The seamless 13 gauge liner adds a layer of durability, making these gloves long-lasting and reliable. With protection against contact heat up to 100°C, they provide peace of mind in high-temperature environments. Sold in packs of 12 for added convenience.

General Handling

The general handling and grip glove category is one of the most popular collections within the Portwest hand protection range. A carefully selected range of coatings, including latex, nitrile, polyurethane and PVC, provides a broad range of styles suited to a diverse range of tasks.

Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products....
