Product information

Ergonomic, lightweight basic harness with a sliding dorsal D-Ring. Features two chest D-Rings and flat bar buckles that are easy to use and fail safe. Constructed using nylon webbing straps. The chest and leg adjusters offer excellent fit and user comfort.

Harnesses

Portwest harnesses are required to ensure protection when working at height. Our range of harnesses offer different connection points that can be used in a variety of job functions such as fall arrest, work positioning, suspension and rescue.

Height Safety

Height Safety is put in place to prevent the risks associated with falling from heights, reducing impact force, restricting obstacle/ground collision and restricting users from fall hazard areas. Portwest offer a full range of Height Safety products for working at height.
