

SM45 - Oil Only Roll

Collection: Oil-Only Spill Range

Range: Spill Control

Materials: Meltblown Polypropylene

Outer Carton: 1

Product information

The oil only roll is well suited to mechanical engineering workshops. It is perforated which makes it suitable for multiple applications. A full roll has the capacity to absorb 60 litres of a variety of oil based liquids.

Oil-Only Spill Range

These products are always white in colour and should only be used in the event of oil based spills such as lubricants, fuels and even vegetable oils. Using hydrophobic technology, they only absorb oil and do not absorb water, remaining buoyant even when saturated.

Spill Control

Introducing a large range of spill control products that efficiently manage any industrial liquid hazard. These products are now needed to comply with health and safety regulations and are your first line of defence against a variety of spills.

Standards

BS 7959-1
BS 7959-2
BS 7959-3

Features

- 40cm x 40m
- 100 sheets per roll
- Absorbs 60 litres
